

Originally founded in 1966, we are owned entirely by the Executive Directors:

Andy Foy
Richard Neasham
Jason Zaccaria

Our reputation is enviable in the industry and we're proud of our expertise across:

Retail
Education
Food retail
Interior Fit Outs
Offices
Residential
Restaurants
Warehousing

Brookerflynn is a Chartered firm of architects, with the current board of directors having over 20 Years Experience in retail, commercial, education, healthcare and residential projects. Our commitment to high standards of work is supported by our RIBA Chartered Membership. And, our Corporate and Social Responsibility principles inform our meticulous approach to design and build. Our philosophy is simple. Whatever the size of your project, we create something that is not only worthy of today, but is Sustainable and relevant for the future.

Decades of Experience

Our award winning design team believes in the power of strong relationships. Our culture of collaborative working enables us to assemble the right team for your project based on your bespoke requirements.

BIM

Today, a large majority of our work is produced using Autodesk Revit. We made the transition from AutoCAD in 2009 and have since developed extensive knowledge and experience in this area. Our expertise enables us to achieve the highest standard of work for our clients, whilst providing support and advice to consultants and contractors about BIM implementation and management.

We continually invest in training and technology to ensure we maintain our position at the forefront of BIM.

Immersive Visualisation

Once a design has been modelled in 3D, we have a number of visualisation options available to us including the use of head mounted displays, still images, video fly-through's and 360 degree panoramas, all produced in house.

RIBA

We undertake all aspects of the RIBA Plan of Work, from 'strategic definition' to 'handover' and in 'use stages'. We do this so we can maintain a high standard of personal service to our clients in both the public and private sectors.

Our services:

- ∞ Retail Store Design & Fit Out
- ∞ Master planning & strategic design
- ∞ Shopping centre construction, asset management & refurbishment
- ∞ BIM & Revit management
- ∞ 3D modelling, visualisation, graphics, walkthroughs, panoramas & VR.
- ∞ Graphic design & report production
- ∞ DDA & Health and Safety audits

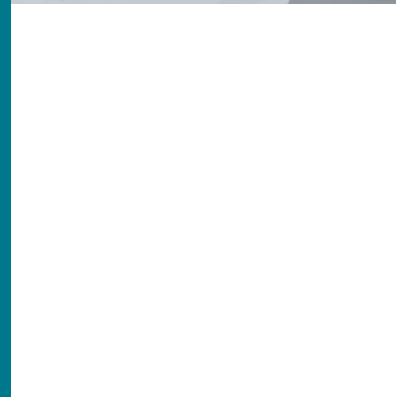

Our Team

Our dedicated staff have a strong and complimentary range of skills and disciplines; the perfect mix of Architects, Technologists, Architectural Assistants and Designers. We work to deliver a common goal – to exceed the expectations of our clients.

Our ability to lead, support and manage our valued team is supported by our Investors in People accreditation.
